## Crossword - Skin & Dermatology

### Clues

#### Across →

- 1 A contagious disease caused by mites and causing intense itching (7)
- 3 The fibrous protein of hair and nails also present in the epidermis (7)
- 6 The medical branch concerned with skin (11)
- 9 The oily matter secreted from sebaceous glands (5)
- 10 The thick layer of skin beneath the epidermis (6)
- 13 The raised portion of skin on the palms and fingers of the hand and sole and toes of the foot (8-6)
- 14 A small, dark blemish on the skin (4)
- 15 The contagious fungal infection of the skin known as tinea (8)
- 16 A thick, hard, toughened area of skin (6)
- 17 A protective bubble filled with liquid which forms over skin damaged by friction or burning (7)
- 18 An ulcer caused by unrelieved pressure to any part of the body (7)

#### Down ↓

- 2 A mark left on the skin after a wound or burn has healed (4)
- 4 Glands located in the dermis which secrete sweat (8-5)
- 5 A small, hard, benign growth on the skin (4)
- 7 Discolouration of the skin, particularly common in pregnant women, causing dark patches on the face (7)
- 8 Damage to skin due to extreme cold (9)
- 11 Small, tanned spots on the skin (8)
- 12 A substance produced by melanocytes responsible for skin pigmentation (7)
- 15 An red area on the skin sometimes with raised spots (4)

Greetings!

On behalf of the Board of Directors of the Massachusetts Academy of Dermatology, I want to welcome you to Portland and the 37th Annual Meeting of the Massachusetts Academy of Dermatology. I look forward to greeting all of you personally.

When the flood damage caused the cancellation of Woodstock, VT has our meeting site we had to scramble to find a location and fortunately the Regency had meeting space available although we had to find a second hotel for rooms. I am sure everyone understands this situation we were faced with.

We believe we have an excellent program of topics that are of interest and value to all of us, as well as a group of outstanding speakers to cover these subjects. We hope that this weekend will be a rewarding educational experience for you as well as an enjoyable weekend for you and your family.

We are pleased that Coversys (formerly ProMutualGroup), our co-sponsor has approved the meeting for 12 CME credits including nine that qualify for Risk Management credit.

We are indebted to each of guest speakers for accepting our invitation to this meeting. Their willingness to depart from their busy schedules and personal time to speak to us is greatly appreciated. All of us hope to learn from their experiences, interests, and knowledge so that we may become better clinicians.

We are most fortunate to enjoy the support of corporate sponsors. The Annual Meeting could not take place without their continued generosity. Please try to show your appreciation of their support to the company representatives at this meeting and when they visit you in your offices.

Our 2012 Spring Meeting will be held on Wednesday, April 4<sup>th</sup> at the Massachusetts Medical Society in Waltham, Massachusetts. Please mark your calendars and plan to attend.

Also, please tell your colleagues how much you and your family enjoyed this weekend and encourage them to attend next year.

Sincerely,  
Louis Kuchnir M.D.  
President

## MAD BOARD OF DIRECTORS

### President

Louis Kuchnir, MD  
340 Maple Street  
Marlboro, MA 01752  
w. 508.485.7779

### In Loving Memory of Dr. Marie-France Demierre

Dr. Marie-France Demierre died on Tuesday, April 13, 2010. The beloved wife of Maurizio Cattaneo and devoted mother of Françoise and Christian, Dr. Demierre was a dedicated dermatologist who specialized in melanoma and cutaneous T cell lymphoma patients. She was loved by all her patients, students and colleagues. She will be remembered as a vibrant young woman who had the ability to brighten every life she touched. She will be sadly missed by all those who were blessed to have known her.

### Crossword Skin & Dermatology Answers

- | Across             | Down             |
|--------------------|------------------|
| 1 scabies          | 2 scar           |
| 3 keratin          | 4 apocrine gland |
| 6 dermatology      | 5 wart           |
| 9 sebum            | 7 melasma        |
| 10 dermis          | 8 frostbite      |

| 17 blister         |                  |
| 18 bedsore         |                  |

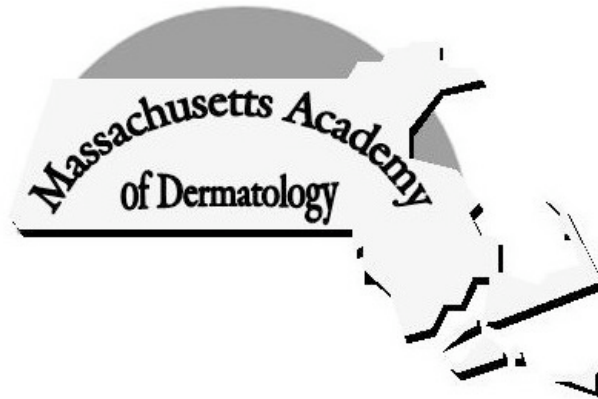

### Massachusetts Academy of Dermatology

#### *Mitzvah (Good Deed) Project*

Once again, the Massachusetts Academy of Dermatology is asking meeting attendees to bring their unopened hotel toiletries so that we can donate them to a local women’s shelter.

Thank you.
